Dear Mr. Rhodes:

On April 10, 2001, the U.S. Environmental Protection Agency, Region 1 (EPA), as a representative for the Department of Environmental Services (DES), conducted an inspection of the above referenced facility. The purpose of the inspection was to determine Polyclad Laminates' compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, Polyclad Laminates was issued Letter of Deficiency No. WMD 01-13 ("the LoD"). Based upon a review of Polyclad Laminates' submittal, DES has determined that your facility has corrected the deficiencies identified in the LoD.

Please be advised that DES will continue to monitor Polyclad Laminates' compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Nancy Phillips or John J. Duclos, Supervisor of the Hazardous Waste Compliance Section at (603) 271-2942. Thank you for your cooperation.

Sincerely,

Kenneth W. Marschner, Administrator
